

Gleezell Vina Uy | computer science student

glarclone@gmail.com • +639664173551 • glinary.github.io • github.com/glinary

I am a 3rd-year college student and DOST scholar, looking to graduate by October 2025.

Driven by my passion for design and technology, I have developed solutions for school organizations, companies, and startups, including chatbots with over 150+ active users.
